Dear Jim,

I am enclosing invoice and unsigned DD250 covering deliveries made in June under our contract. These deliveries wrap up our current contract. In accordance with our conversation, we rounded deliveries off to the nearest tank car resulting in a total delivery of

25X1A [redacted] gals. This leaves an undelivered volume of [redacted] gals. 25X1A since the original contract volume was for [redacted] gals. 25X1A

One tank car was returned during the month due to suspicious appearance of product sampled from the sump. This car is not included in the DD250 or the invoice.

Also enclosed are copies of our refinery inspections made on product used in the June deliveries. This information may be of

25X1A interest t[redacted] It is interesting to note how closely these inspections line up with those made by WADC on samples taken from operating storage.

It has been a pleasure participating in this program with you. While the paperwork is changing hands, I hope we will be able continue our small contribution to the success of your program.

25X1A

Best regards,

[redacted]

P.S. I am moving on July 22 so any future correspondence should be addressed to me at my new address which is:
